WORK EXPERIENCE

Associate Software Engineer

Innoplexus Consulting Services Pvt. Ltd.

06/2022 - Present

Pune, India

German-US-Indo company of B2B products powered by ML/AI for Pharma companies providing business insights and solution consulting.

Achievements/Tasks

- Developed and enhanced the user interface and user experience of a company's product which **worked on sensitive patient data** and help them to **collaborate with various hospitals**.
- Revamped user interface which resulted in a **30% increase in user engagement** and a **25% rise in overall client interaction**.
- **Collaborated closely with UI/UX designers** to implement responsive and visually appealing designs.
- Employed **React.js, Redux**, and **Material-UI** for front-end development, ensuring seamless integration with the back-end services.
- Implemented **advanced search functionality** and **real-time product filtering**, significantly improving the platform's usability.

PROJECTS

Marketplace Dashboard (07/2022 - Present)

- Enhanced the portal's performance, reducing page load times by **40% through code optimisation and lazy loading techniques**.
- Collaborated with back-end developers to define API endpoints and ensure **seamless communication between the front-end and back-end systems**.
- Conducting **code reviews** and provided constructive feedback to peers, fostering a culture of continuous improvement and knowledge sharing.

Patient Data Dashboard (08/2023 - Present)

- Contributed as a React JS developer in the development of the dashboard.
- Implemented the business logic for displaying patients data and actively participated in team meetings, sprint planning and retrospective sessions, contributing to the Agile development process.
